So now that we are starting the Summer term we will look at seasonal changes in Spring and Summer. See below for details.

Spellings: came, just, oh, now, get

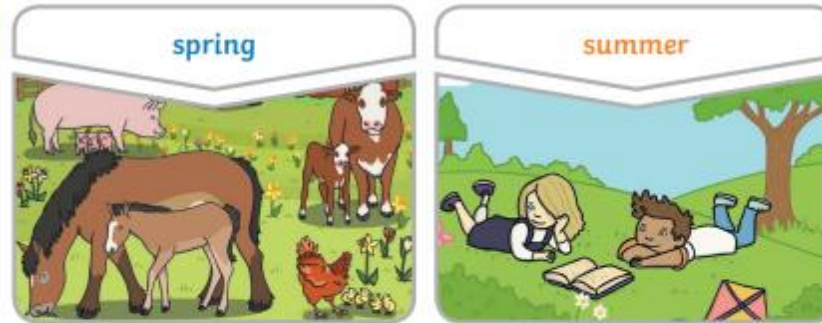

Throughout this week, learn the above spellings. Use whatever methods work best for you; but, make sure you know them by Friday! Some fun ideas that you may find useful:

- Play hangman
- Make a word search or create a cross word
- Write in peculiar ways or places, eg. Using blades of grass, in shaving foam, on a misty mirror etc.

Science:

Below is a knowledge organiser. Read through it with your child. Do they know what all these words mean?

Key Vocabulary	
seasons	There are four seasons each year, autumn, winter, spring and summer .
spring	In spring , the weather starts to get warmer. The leaves begin to grow on the trees and some trees may blossom (have flowers). Plants begin to grow and you may see baby animals like lambs around. The daytimes start to get longer.
summer	In summer , the weather gets hotter. The daytime is long and the nights are short. Summer has the longest days. The trees are full of leaves and there are lots of flowers, bees, butterflies and other insects.
weather	The weather includes the temperature outside, the wind direction and strength, as well as rain, cloud, snow and sun.
daylight	Daylight is when it is light outside. The amount of daylight changes with each season .

The Four Seasons	
autumn September October November	winter December January February
spring March April May	summer June July August

Daylight hours each month:

Month	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug
Hours of Daylight	13	11	9	8	8	10	12	14	15	16	16	14

Let's start these sessions with looking out the window and talking about the weather. Colour of the sky? Are the trees blowing? Clouds? Rain? Fog? What can you see?
