

Today's Art Lesson!

# Scribble Art

Can you turn a scribble into something beautiful?

Start by drawing a swirly scribble design on your page. You may even ask a grown up to do this for you. Then see if you can make a beautiful creation using patterns, colour and interesting designs.

Practise holding your pencil correctly, colouring within the lines and colouring slowly and carefully in a way that leaves 'no white bits!'

Send in your finished creations and HAVE FUN!
