

Year 1 Easter Activity Menu

Choose a different activity each day of the Easter holiday, if you would like to. Don't forget to take pictures and record videos to show us! We would love to see and then we can share your creations and projects with your peers on Dojo. Enjoy!

Create a silhouette or a shadow puppet scene.

Act out a favourite movie scene – learn the words exactly and try to dress up as the characters too.

Build a tower. Can you make it taller than yourself? Use spaghetti, cards, newspaper... anything!

Make a map of your favourite room in your house.

Make a paper collage of your favourite animal.

Build a den in your room and sleep in it for the night, if your adult says it's okay.

Make salt dough Easter eggs.

Make a homemade wind chime or bird feeder using household goods.

Make an obstacle course in your home or garden and time your family as they try to complete it.

Help your adult to cook something. Can you grate cheese? Or stir something?
